Dismissal of Clara Osagiede, RMT Representative, by Interserve Support Services London Underground Contract

We the undersigned are extremely concerned to learn of the above trade unionist's dismissal and demand of Interserve (LUL) and call upon TfL for her immediate reinstatement. Clara was dismissed on account of her effective trade union duties and activities and not the trumped up charges that Interserve would have people believe.

We therefore demand that natural justice prevails and that Clara is given her job back.
