Branch Secretary Jason Moriarty

Branch Chairperson: Terry O’Niell

NOTICE OF EMERGENCY BRANCH MEETING

In an absolute outrage LUL management have sacked our rep Gary Carney for going home sick when he had Covid 19 symptoms claiming that he failed to attend a drugs and alcohol test that he was never even informed about .As a union we will respond with every weapon in our arsenal to secure his reinstatement .This is a shocking decision ,**Management admit that Gary was not told of any test** and even mentioned that he was being dealt with because as an RMT rep he should have known better. If left unchallenged this appalling behaviour would allow management to sack any rep or member who they didn’t like. We will need to ballot our members for strike and stop the service to secure Gary’s reinstatement. If they can sack Gary then nobody is safe so we must win an overwhelming ballot for strike action to help right this wrong and take as much action as necessary to secure his reinstatement.

WEDNESDAY 17TH Feb 16.00 hrs on Zoom

ALL REPS WILL HAVE THE ELECTRONIC LINK FOR THE MEETING AND WILL BE HAPPY TO SHARE IT WITH YOU BY TEXT OR EMAIL
