### What's Going on?

#### In Nov 2007

London Underground took over stations Bakerloo line between Queens Park to Harrow & Wealdstone with the exception of Willesden Junction and on the District line being Kew Gardens & Gunnersbury.

Agency workers were taken on to work as customer service assistants, booking clerks and supervisors in the transitional period. The RMT had written assurance this would be a temporary measure.

#### Christmas 2012

The contract was terminated almost overnight. 33 RMT members were effectively sacked.

#### In the last few months

Due to the campaign which kick started with about 150 people demonstrating outside Wembley station and also involved setting up soup kitchens outside TFL buildings. LU decided that the 33 would go on workshops to pass assessments for part time station staff positions.

Instead of seeing sense they decided to split the 33 with the hope that it would kill the campaign, They took 6 persons out of the 33. Unfortunately for them the process has not broken their spirits nor demoralised us.

#### The 33 have:

- 100% mystery shopper scores
- Trained DSMs
- Been used abused and refused

#### Yet they received:

- No trauma /counselling support
- No staff travel facilities
- No company pension
- No company sick pay
- No Dignity

### Why fight for Justice for the 33

- London Underground are ripping up agreements reached with the RMT-Our word is our bond and if we cant trust them to keep to their word with this agreement then what is to say they wont do the same with other agreements.
- Is it just a coincidence that 32 of the 33 are of a black and ethnic minority background?
- Management have been using the Wembley central group as a testing ground for many questionable practices which they later bring to other areas of the business.
- London Underground and Trainpeople agency ignored the law - the agency worker act.
- The fight started 'yesterday', death by a million small cuts is already underway, we must oppose this blatant attack with a view to put a stop to the wave of job cuts coming your way.
- An Injury to one is an Injury to all, we fight for justice for the 33 and will fight for every job. No job cuts!

The 33 are human beings, they are real people with very real stories to tell. Each has been deeply effected by the treatment they have received by Trainpeople Agency and London Underground. At least 1 of them is currently homeless and others are on the verge of being so. We cannot allow this to continue, common sense says these workers who have been doing the job for over 5 years are best placed to fill existing vacancies.

**“ London Underground have a great opportunity to correct the wrongs of past & do the right thing ”**

**Gaz Jackson,  
RMT Young Members President**

**“ I send my complete support for the campaign for the 33. This campaign is about workers being exploited and victimised by a ruthless management. We will maintain this fight until we win. Solidarity. ”**

**John McDonnell MP**

The Bakerloo branch has called for a ballot of every member of station staff.

In the last month the 33 have been getting a warm welcome when visiting stations and branch meetings almost every day highlighting what has been happening.
