ALL OUT ON 10th NOVEMBER

LU's plans could mean pensions slashed, more jobs scrapped and agreements torn up

AGM
NOV 16

Jubilee South branch know unity is strength! Fight for jobs, pensions & agreements on the 10th of November.

The RMT are continuing to demand LUL provide us with assurances that:

- There will be no reduction in jobs
- There will be no detrimental changes to your pensions
- There will be no changes to working conditions imposed

Following a meeting with LUL Representatives, your Lead Officer Jared Wood has reported overwhelming support for further strike action in response to these continued attacks on your jobs, pensions, and agreements.

The National Executive Commit-

tee has therefore taken the decision to call on **ALL LUL MEMBERS TO TAKE STRIKE ACTION**. You are instructed **NOT TO BOOK ON** for any shifts that commence between:

00:01 hours and 23:59 hours on Thursday 10th November 2022.

LUL are considering transferring the TfL pension into the Local Government Pension Scheme, which would mean members in many grades would be paying contributions of up to 10% under LGPS arrangements, compared with the TfL scheme rate of 5%.

The current TfL pension scheme allows members to retire at 60 with no reduction in benefits, and pensions are indexed against RPI. The LGPS has a retirement age of the state pension age and

Vote Dan Randall no 1 for RMT NEC

Jubilee South branch is backing **Dan Randall** in the election for NEC; the RMT decision making body.

As your NEC rep, **Dan Randall** will empower members to make our union as active, accessible and democratic as possible, so we can win the battles we face.

Dan will fight for: Jobs, pensions, conditions better work/life balance - equality and direct employment for outsourced workers - above-inflation pay rises - better agreements across companies and grades - decent funding for TfL - safe workplaces -an end to management bullying.

Whatever your grade or company, Jubilee South Branch say **Dan Randall** is the best choice for NEC.

is indexed against CPI and is based on average career earnings while the TfL scheme remains a final salary scheme.

We must fight this attack.

My Vision

Fighting to win

In disputes, we need a winning strategy, supported by strike fund payments to members where needed. We must strike to win, not as a token protest.

Maximum communication and transparency

I'll produce regular reports updating you on NEC decisions, and create an online tracker so you can see the progress of motions and issues.

Supporting outsourced workers

I'll prioritise helping cleaners, caterers, security guards, track protection workers and others organise for better conditions and direct employment.

Equality and liberation

I'll work with RMT's Black and Ethnic Minority, LGBT+, women's and disabled members' committees to empower members facing discrimination.

Fighting to transform society

I'm a socialist and Workers' Liberty member. I'll fight for RMT to campaign on issues like the cost-of-living crisis, NHS, climate change and anti-union laws, and promote a socialist alternative to capitalism.

An NEC rep for the whole region

Whether you work at TfL, on LU, DLR, or any other company, directly-employed, outsourced or self-employed, and whatever job you do, I'll ensure your issues get the attention they deserve.
