Defending Station Admin

We are disgusted by plans to drastically cut numbers of Stations Admin

We have called on the union to go into dispute with London Underground and prepare a strike ballot to fight back against these cuts!

If you are a station administrator, make sure you are an RMT member to join the fight back!

The RMT is an ALL GRADES union. We value the difficult work that our cleaner members do and demand that they receive the respect they deserve whilst at work. If this Branch is made aware of any of our cleaner members being bullied at work, we will not tolerate this and will pursue through official channels

Crossrail Issues

At the last Branch meeting, we raised serious safety concerns on our stations which will have Crossrail interchanges.

Issues include lack of Crossrail staff and poor emergency procedures.

We demand that Crossrail should be safe and our staff protected

Service Control

Congratulations to Arif Patel and our other Service Control Reps who have successfully secured permanent contracts for many service control secondees on the District Line

Next Branch Meeting

Thursday 3rd May

15:20

The Spotted Dog

1 min from Barking

station

Free Buffet

Proposed Changes to Train Prep

We have raised concerns about proposals to change train prep times to once every 96 hours. This is totally unacceptable and unsafe.

All members are encouraged to attend our next Branch meeting, where we will be discussing the possibility of affiliation to the Labour Party
