Opening & Closing Stations

London Underground are trying to make it procedure and part of your job that you will have to open and close stations that you are not working on.

In the past, if the adjacent station was unstaffed, some staff would travel by staff taxi to open or close that station.

We cannot continue this practice and we must oppose all attempts to make this part of our jobs!

You work on one station and one station only per shift!

Justice for cleaners

We are not the dirt we clean!

Our demands:

- End outsourcing!
- £10 an hour!
- Proper sick pay and holiday pay
- Direct employment for all agency workers
- Travel passes for cleaners

Attendance At Work Procedure 5.1

The following types of non-attendance to work will not normally count towards disciplinary action:

- Customer incidents/ accidents resulting in trauma;
- Accidents recorded at work;
- Assault on duty;
- Assault off duty where the individual is wearing the Company's uniform and the incident occurs whilst travelling to or from work;
- Urgent medical treatment (including minor invasive surgery) requiring a visit to hospital/ medical practitioner/ dentist, waiting for medical treatment that (requiring a visit to hospital) precludes an employee attending work in any capacity, and subsequent convalescence.
