

CLARIFICATION NOTICE FROM
THE RMT TRAINS FUNCTIONAL COUNCIL REGARDING
THE OLYMPICS

The RMT Trains Functional Council have **NOT** signed up to or agreed any part of the Olympics Deal that is now being put out by LUL management.....

We have therefore requested urgent talks on this matter with LUL, and if there are **NO** meaningful talks held by LUL and the RMT on this subject, we will have no alternative other than to advise all our train driver members over the time of the Olympics and Paralympics, to work to their current terms and conditions and parameters, which are laid down within our current and more importantly **AGREED** framework agreements and the PTOA which the RMT have signed up to and recognise.

We hope to have a response on this matter and talks to find a way forward as soon as possible on this issue.

The RMT will not allow hard fought for working parameters and terms and conditions to be sold off for 30 pieces of silver.....

We will continue to fight on this matter for all our members to make sure that they are not taken advantage of, and used by LUL management in this way.
