

RMT up front

National Union of Rail, Maritime & Transport Workers

“It is the abject failure of LU to recognise that their policy of victimisation of union activists has been well and truly rumbled both in the employment tribunal and in their own depots, and it is that harassment and bullying that has left us with no choice but to name these dates for strike action.

The solution is simple - LU should accept that they have been found out, get these drivers back to work doing the job that they are being paid to do and bring an end to the constant harassment of train drivers on the tube. ”

Bob Crow, RMT General Secretary

Following a mandate for strike action the General Grades Committee has named the first 4 days of strike action. Two days for early turn drivers - two days for late turn drivers. This will cause maximum impact and disruption to LU and will minimise the financial consequences to our members. This is of course a last resort as we await and hope for constructive talks with London Underground. Stop the clampdown and abuse of procedures facing all tube drivers!

All London Underground train driver members are instructed not to book on for any duty that commences:

between 21:01 on Monday 16 May and 11:59 on Tuesday 17 May

between 12:00 on Wednesday 18 May and 11:59 on Thursday 19 May

between 12:00 on Friday 20 May and 21:00 on Friday 20 May
