**INDUSTRIAL ACTION BY RMT MEMBERS TUBE LINES INCLUDING ERU.  
NO EMERGENCY COVER**

I am genuinely concerned for the safety of myself and others, as I believe that I may be placed in serious and imminent danger by the lack of emergency cover normally provided by Tube Lines staff, including but not limited to the Emergency Response Unit (ERU). I believe that you have a duty to provide me with a safe workplace and I would ask that you assure me that the arrangements you have in place adequately protect my safety and the safety of others for which I am responsible.

I would therefore request that I am allocated alternative duties for which I am trained and licensed until such time as the processes contained in the company's procedures to protect against serious and imminent danger have been carried out and I believe that my safety is ensured.
