

Skills Development Transformation

On Monday 20/11/17, your reps were due to meet with London Underground to begin Transformation consultation. Unfortunately, the company scheduled three meetings on Monday and Skills Development was due to be the third. Despite us raising our concerns that they were not allowing enough time for each meeting, these were ignored to suit the management team consulting on Skills Development.

By the time the first two meetings had concluded, all of their allotted time had been used up and we were unable to hear their proposals for Skills Development. We are extremely disappointed by this and believe that the company do not wish to engage in meaningful consultation with us. As soon as we have our initial meeting with the company, we will issue an update to you.

We will be hosting drop in sessions with our members soon and details will be forwarded to you once this has been arranged. In the meantime, if you have any questions or feedback, do not hesitate to get in touch.
